

May 6th Newsletter

A BIG welcome to all our new and old members!!!

Thank you every who has been coming out to our work parties, we can sure see a difference with all the work that has been done already this year!

The **Garden Rota** has been posted for the last two weeks in both the Gazebo and on the East shed door - and the assignments start this week. Please find your plot number and the assigned responsibility, every site has been allocated one duty for one week this season.

SAVE THE DATE: Our annual **Welcome Barbecue Event** this year is on **Saturday May 25th 12-2 pm BBQ and refreshments will be supplied- stay tuned more info to follow**

If you are still wanting to use the cubbies in the West shed please contact us before May 17th as most of them are going to be removed and all the items stored will be discarded.

Friendly Reminders:

- All personal property is to be kept in your 15x15 plot. Do not place it in the walkways or along the perimeter of the garden. Please maintain your perimeter as well as maintain the weeds in your garden
- Do not remove anything out of your neighbor's plot with out their consent. Even if you think, "I only need it for one thing and quickly put it back", we all forget and member's personal items are going missing or are being found in other members gardens
- Do not "leave" your "waste" at the garden. We do not have garbage pick-up please bring it home with you. We just removed all the "garbage" last week from next to the greenhouse and we see people have already started dropping off more stuff

Come and grow with us!
