

Welcome to Pitt Meadows Community Garden 2021

This year's garden season is about to start, and the sun is on its way.... we promise!

We would like to start this year, by thanking the board of 2020 for all their hard work and dedication and the membership for all their help and support in allowing the garden to continue during this extraordinary year.

Even though there were restrictions in place due to Covid-19, we had a very busy year, and much was accomplished – built a plant box along the south side, built the remaining raised beds, planted over 150 blueberry bushes in addition to planting additional fruit trees along the south east fence. All of this was accomplished while we continued to maintain over 200 garden plots and biweekly fresh food donations to Pitt Meadows Friends in Need...

Thanks to everyone!

2021 PMCG Board of Directors

Peter Price

Kate Sahaydak

Vic Iwanow

Denys Stewart

Luisa Hite

Guillermo Quijano

Kathy Tabalevu

All board contact email and/or phone number can be found on our Pitt Meadows Community Website.

Due to the ongoing Covid-19 restrictions, the City of Pitt Meadows has asked us to keep our office/washroom and tool sheds closed until further notice. If Peter, Denys and/or Guillermo are at the Garden they can retrieve the required tools from the shed; alternatively, you can phone

Peter (604-726-4687) prior to going to the garden and arrange a time to meet.

- Wheelbarrows and shovels are located at the side of the tool sheds and locked. Please make sure they are returned cleaned and locked when you are done.
- Garden Soil has been delivered and is \$6/wheelbarrow. (Money is to be given Peter (Plot 164) or Denys (Plot 78) or e-transfer to Garden@pmcg.ca)

Greenhouse Members

Please *only* use the greenhouse soil (located in the greenhouse and money is to be given Peter (Plot 164) or Denys (Plot 78) or e-transfer to Garden@pmcg.ca

Maps of the allotted spots are located in the greenhouse. Guillermo and Marion are maintaining the greenhouse, please direct any greenhouse questions to them. **Please** remember the 1 person limit in the greenhouse.

Our next "Work Party" will be March 27 10:00am to 1:00pm.

Along with garden spring cleaning, there are some projects planned for this year. If you are good at DIY, have battery powered tools and would like to help with some of these projects - please phone Denys (604-782-0337) to arrange a time to meet.

Finally – As the work-in kind binder is not accessible again this year, *please submit all hours along with your plot number and jobs done to garden@pmcg.ca* so we will be able to keep record of your hours.

As always, please remember to put your clean shovels and wheelbarrows away, lock the greenhouse and shut the gates behind you when you leave.

Thank you!
